# INTERIOR FIT-OUT STUDY DESIGN DELIVERY

Spaces shaped around your needs, designed with precision and delivered to exacting standards.

## 01 — AMENAGILE

# ONE IDEA. ONE SPACE. ONE TEAM.

---

AMENAGILE supports clients from initial study to handover, with a complete project vision: aesthetics, functionality, technical constraints, budget and quality of execution.

# FROM DESIGN TO DELIVERY.

**01**

## **Study & design**

Needs analysis, space optimisation, surveys, layout plans and material selection.

**02**

## **2D / 3D design**

Technical plans, 3D modelling, atmospheres, textures, lighting and pre-construction visualisation.

**03**

## **Works & delivery**

Trade coordination, execution, quality control, schedule monitoring and handover.

### 03 — STUDY & DESIGN

# THINK BEFORE BUILDING.

Every project begins by understanding how the space is used, its flows and its constraints.

Layout plans • technical plans • surveys • estimates •  
materials • finishes • space optimisation.

# 3D Design

Visualise, compare and decide before work begins.

## 04 — INTERIOR FIT-OUT

# A PROJECT DELIVERED TURNKEY.

Partitions, suspended ceilings, floors, walls, painting, decoration, joinery, marble, stone, electrical works, lighting, plumbing and sanitary fittings.

Overall coordination reduces interfaces and secures the final result.

# SPACES THAT WORK FOR YOU.

## Offices & corporate

Open-plan offices, executive rooms, meeting rooms, reception, waiting and collaborative areas.

## Retail & commercial

Showrooms, stores, customer areas, signage and visitor journeys.

## Hospitality & residential

Hotels, apartments, villas, living spaces and bespoke solutions.

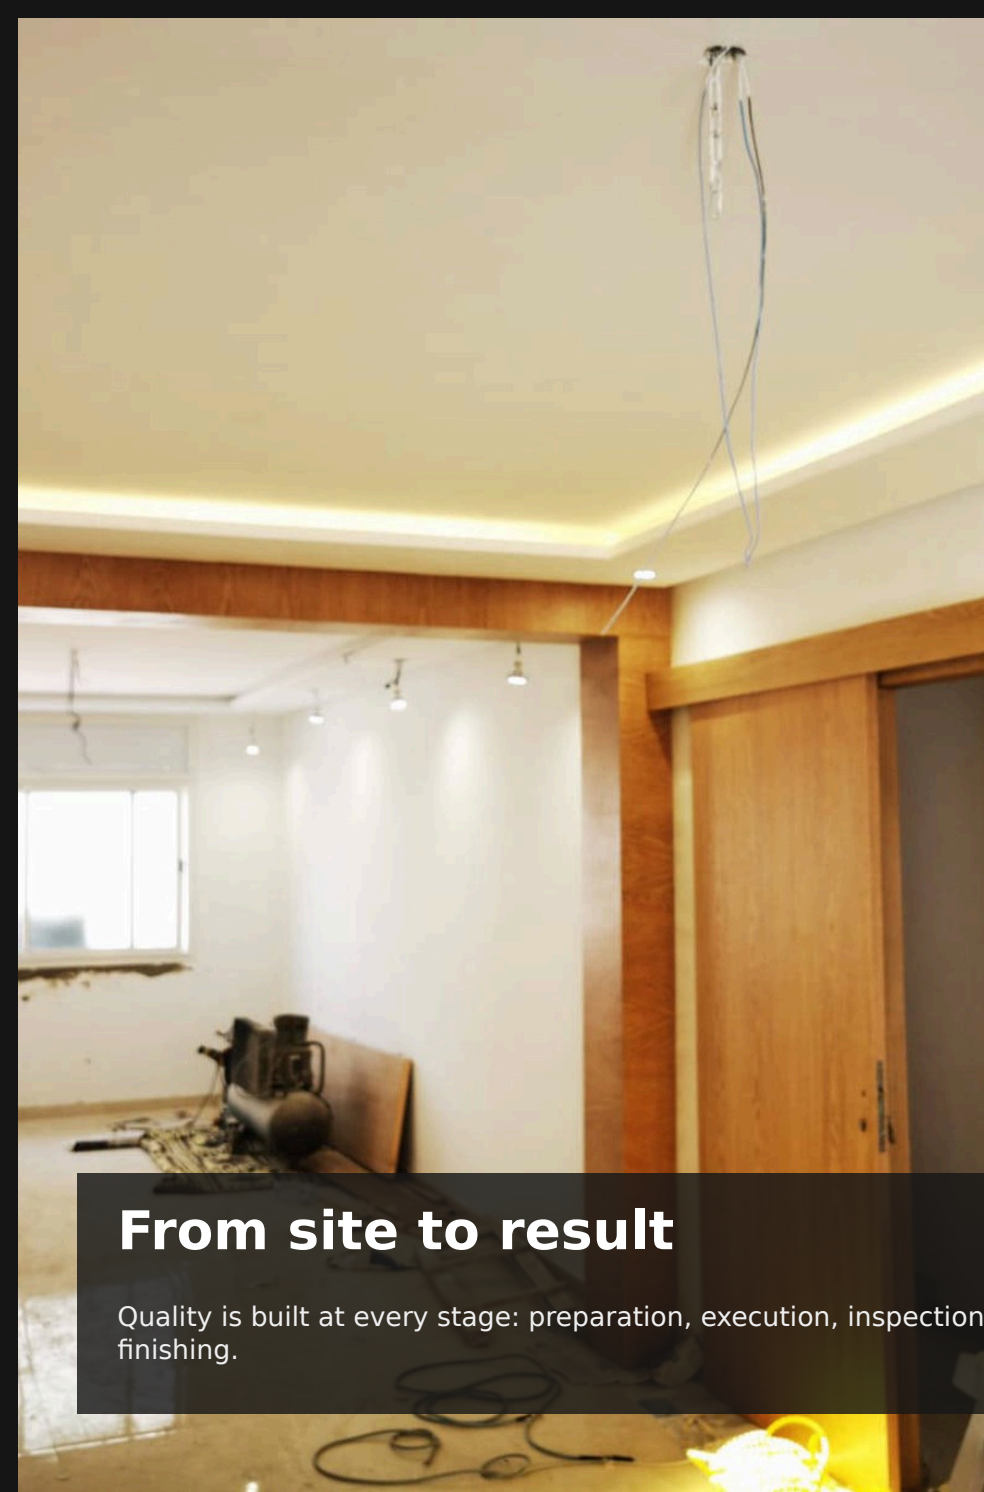

## 06 — EXECUTION

# THE SITE, UNDER CONTROL.

Organisation, coordination and monitoring of every trade through to the finishes.

Quality control • plan compliance • interface management • schedule monitoring • handover.

## From site to result

Quality is built at every stage: preparation, execution, inspection and finishing.

# A SIMPLE. RIGOROUS METHOD.

---

## 01 Listen

Understand your needs, constraints and objectives.

---

## 02 Study

Measure, analyse and structure the project.

---

## 03 Design

Create functional and elegant solutions.

---

## 04 Visualise

Bring the project to life in 2D and 3D before work begins.

---

## 05 Deliver

Coordinate and execute the works rigorously.

---

## 06 Handover

Inspect the finishes and support handover.

## 08 — WHAT SETS US APART

# ONE TEAM. ONE VISION. ONE DIRECTION.

---

We seek the right balance between aesthetics, functionality, technical constraints and project control.

# WHAT GUIDES EVERY PROJECT.

## Quality

Materials and finishes selected to exacting standards.

## Creativity

Solutions tailored to each client's identity.

## Precision

Detailed design to anticipate the final result.

## Schedule

Organisation and monitoring that keep the project on track.

## Budget

Solutions shaped around the project's priorities and constraints.

## Support

One point of contact and a complete vision from study to handover.

## 10 — PROJECTS

# DETAIL MAKES THE DIFFERENCE.

---

Our work spans varied environments, from retail and workplaces to hospitality and residential projects.

# THEY HAVE TRUSTED US.

Collaborations that demonstrate our ability to work across varied environments.

Some references and projects are presented on a limited basis to honour our clients' confidentiality commitments.

# RABAT TODAY. AFRICA TOMORROW.

---

AMENAGILE is progressively expanding its presence and capacity to support clients with fit-out projects in Morocco and across Africa.

## Proximity

A direct relationship and a precise understanding of each need.

## Agility

Solutions tailored to the context, schedule and priorities.

## Growth

A structured growth ambition towards West Africa.

LET'S TALK ABOUT YOUR PROJECT

# YOUR PROJECT STARTS WITH AN IDEA.
